In the past, opportunities for speakers to work with our program were spread by word of mouth and recommendations. However, we know there are many speakers out there that may want to work with us to help share the language in the community. We are hoping that with this, we can help you connect with us if you would like to do so.

Heyv cokv tat iepunkvpicetv ceyace nowat estowen iepunkvpicetce tayan cemonaye towes. Mecetv ceyaceko nowat, mvo here towes.

This is only to give you information on what you can do if you would like to share the language. If you are not interested, you do not have to.

A Community Language Sharer is someone in the community who is able to and wants to share the language at community centers when Mvskoke Language Program staff can't, as our staff is limited. This new program allows us to support Speakers in the community who decide to share the language by paying them for their time.

If you are interested in sharing language at a community center and getting paid for your time, you need to talk with the community center you'd like to share language at. Decide with them what days of the week and times you will hold the classes and then call the Director at Mvskoke Language Program to see if a contract spot is available.

If you do sign up to be a Community Language Sharer, the Mvskoke Language Program can help supply handouts, activities, etc from our curriculum and materials to help you. You let us know what you want to teach, and we can send items your way for your class.

- ☐ Find a community to share language at
- ☐ Contact them for permission and to decide days and times and start date.
- ☐ Contact the Director at Mvskoke Language Program to start the contract process

- ☐ You will need one community board member who will be present during classes (generally), as they will need to sign the contract.
- ☐ Sign finished contract
- ☐ Start sharing!

The Mvskoke Language Program is currently developing a Master-Apprentice Program to create higher level second-language speakers. In the meantime, the Mvskoke Language second-language staff are working hard to better develop their language abilities via practicing and testing immersion methods. Speaking with more and more people in the community help the second-language speakers get better and more comfortable--as well as meet more people.
